ART OF DEMOCRACY

National Exhibition

Voices From the South: The Atlanta Exhibition

The Atlanta Printmakers Studio is organizing a creative effort with The Art of Democracy.org. This is an open call for artists and designers who wish to create work addressing their perceptions of the state of the American political scene. Please feel free to visit the Art of Democracy website, <http://www.artofdemocracy.org>, to get the full picture of this national exhibition. Our interest is in getting an exhibition of Atlanta-area and southeastern artists and designers.

One of the collective goals of the exhibition is to present broader ideas relating to current political issues rather than offering direct endorsements of political candidates or partisan propaganda.

The collection of work will be presented as a multi-venue exhibition throughout Atlanta's galleries, coffee houses and public spaces including the Print Dialogue Day Open House at Atlanta Printmakers Studio in September. Other venues are currently being secured.

DETAILS

- Open call to all traditional artists working in multiples, printmakers, digital artists and graphic designers
- Entrance Fee: \$5 cash or check made out to The Atlanta Printmakers (address can be found on entry form) Entrance fees will be used for the local promotion of this exhibition.
